If Government approve of this appointment, arrangements will be made to post a Junior Health Inspector to the Municipality

Sir,

Regarding appointing a Junior Health Inspector in the Chickmag lur Municipality to assist the Senior Health Inspector

With reference to your letter No L 7908 dated 13th January 1949 calling for my opinion on the above proposal, I write to forward here with the records received with letter No O C 23/48-49 dated 4th March 1949 from the President, Town Municipal Council, Chickmagalur a and to state as follows -

According to circular No CE 17-355/48-49 dated 26th January 49 issued by the Director of Public Health in Mysore , Bangalore (copy enclosed for kind perusal) the duties of the Senior Health Inspector will be minimised, when the assistance of a Junior Health Inspector is given to him

Regarding the preparation of the list of unprotected children and vaccination of the said children, the Municipality has employed a Vaccinator with the grade pay of Rs 32-2-55 The vaccinator may also attend to the collection and verification of vital statistics and other duties

The retrenchment of the post of Conservancy Mutsaddi and the creation of the post of an Assistant Health Inspector involves an extra cost of Rs 50-8-4 per mensem, which comes to about 600/- per annum To supervise the work of the sweepers and scavengers, the continuance of the post of Conservancy Mutsaddi is necessary

Under the above circumstances, the proposals of the Town Municipal Council involving an additional cost of over Rs 600/- p annum do not, in my opinion, seem to be commendable in view of th fact that the Municipal Council have to incur an expenditure of Rs 42700/- as per their draft budget estimates for 48-49, towards th salary of the conservancy and sanitation establishment I request that early orders of Government may kindly be communicated to me

Subj: Appointment of a Jr Health Inspector to assist the Sr Health Inspector in the Chickmagalur Mpl

Sir,

With reference to your letter No 02: 48-49 dated 10-12-48 on the above subject I am directed to state that the DE Chickmagalur Dist was consulted in the matter of appointing a Junior Health Inspector in place of the Conservancy Mukaddam to help the Sr Health Inspector in the Mpl and he is of opinion that the continuance of the Conservancy Mukaddi necessary to supervise the work of the sweepers and scavengers. The proposal involves an extra expenditure of Rs 600 p.a and the Municipal Council has to incur an expenditure of

of Rs 62,000/- during the current year as per the draft budget estimates for meeting to meet the Salary of the conservancy and Sanitation establishment, It is seen from the budget figures of the current year and the expenditure of the current year in the current years much for in excess (i.e. nearly Rs 29,000/- more) of the normal income of the Municipality. In the circumstances the CO is not in favour of the above present proposal which will increase the recurring cost of establishment. Therefore I am to enquire whether in the light of the above facts, it is still necessary to accord sanction to the proposal post of a Junior Health Inspector at present.

Any early reply is requested
